

## **Instructions for loading SurvCE online help to your data collector**

Using Windows Explorer, open your CD drive and browse the installation CD to find the “HtmlHelp” folder. Using Microsoft ActiveSync, copy the entire HtmlHelp folder to the SurvStar folder on your CE device. This location will vary based on your data collector. i.e. For the Allegro, the location will be “C\_Drive\SurvStar”. For the Explorer, the location will be “SystemCF\SurvStar”. Online SurvCE Help is now installed.
