STONEX F6

Scanner with Interface cable, charger and case.

Outstanding Volumetric Scanner for Field Use
 STONEX F6 is the market leader 3D handheld scanner for fast scanning of big objects and large areas from short to far ranges.

Based on a patent algorithm of innovative encoding F6 provides superb quality of data making it the ultimate device for scanning complex scenes within seconds.

The F6 is operated by Echo, an advanced and easy-to-use integrated software with high-end features such as:

- Advanced scanning modes with real time feedback
- Powerful 3D data editing tools
- Data quality for controlling distances and accuracies
- Advanced meshing with full color projection
